## EDUCATION

B.E. in Electronics & Electrical Engineering · MBM University, Jodhpur

2024 – 2028

Senior Secondary (Class XII) · MR Public School, Narnaul, Haryana

2023

## TECHNICAL SKILLS

**Languages:** Python, C/C++, SQL

**Libraries:** Pandas, NumPy, Matplotlib, Seaborn, OpenCV, Scikit-learn

**Machine Learning:** Supervised Learning, Classification, Regression, Random Forest, Decision Tree, Gradient Boosting, Cross-Validation, Hyperparameter Tuning, Feature Engineering

**Data Skills:** Data Cleaning, Exploratory Data Analysis (EDA), Data Visualization, Statistical Analysis

**Tools:** Git, GitHub, VS Code, Jupyter Notebook, HTML, CSS

## PROJECTS

**Credit Card Fraud Detection** · Python · Scikit-learn · Pandas · Seaborn

- Detected fraud in 284,807 transactions (0.17% fraud, 1:577 imbalance) using class weight balancing and PR-AUC evaluation.
- Benchmarked Decision Tree, Gradient Boosting & Random Forest via cross-validation; selected Random Forest as optimal model.
- Built a reusable prediction function classifying new transactions as fraudulent or legitimate in real time.
- 

**Trader Performance vs Market Sentiment · Hyperliquid** · Python · Pandas · Matplotlib · SciPy

- Analyzed 211,224 trades across 32 accounts against Bitcoin Fear/Greed Index; uncovered sentiment-driven behavioral patterns.
- Showed low-leverage traders earn 5.3× more than high-leverage traders on Fear days; proposed 2 data-backed strategy rules.
- 

**Exploratory Data Analysis (EDA)** · Python · Pandas · Matplotlib · Seaborn

- End-to-end EDA: handled nulls, duplicates, and outliers; visualized patterns via heatmaps, histograms, and bar plots.
- 

**Smart Expense Tracker & Dashboard** · Python · Pandas · NumPy · Matplotlib

- Built a CSV-driven expense tool with data cleaning and a 4-chart dashboard (monthly trends, category breakdown, top spends).

## CERTIFICATIONS

Machine Learning Bootcamp: Python, Projects & Deployment — Udemy (Siddhardhan S) | 66.5 hrs | In Progress, 2026

## RELEVANT COURSEWORK

Circuit Theory · Network Analysis · Electronic Devices & Circuits · Digital Electronics · Engineering Mathematics · Microprocessors & Microcontrollers · Electrical Machines · Control Systems

## LEADERSHIP & PARTICIPATION

**Head Boy** · MR Public School, Narnaul

2022 – 2023

- Led school events and served as the primary liaison between students and school administration.

**AI & Technology Workshops** · MBM University

2024 – Present

- Regularly attended university-level AI workshops, staying current with emerging tools and industry trends.
